NAADAC approved CE(s) are accepted by most state licensing and certification boards. Please contact your credentialing board or visit NAADAC's website for CE acceptance information: www.naadac.org/naadac-ce-acceptance.

Trainer Bio:

Scott Weisenberger, LPC

Scott Weisenberger joined the Recovery Centers of America team in July 2017 as Vice President of Clinical Services. In that capacity, he is responsible for creating and monitoring the clinical programs at each of RCA's six inpatient sites in four states as well as outpatient locations.

He has worked in the chemical dependency treatment field for 27 years and has been an LPC in Pennsylvania since 2003, providing clinical supervision over the years to many clinicians also seeking licensure. Prior to joining RCA, he was Chief Executive Officer and later Chief Clinical Officer for Malvern Institute, which operates inpatient and outpatient facilities throughout the Philadelphia suburbs.

Earlier in his career, he was Clinical Director at Mirmont Treatment Center in Delaware County for three years and Executive Director at Kirkbride Center in West Philadelphia for eight years.

His motto: Absolute, positive respect of the patients.
